

FIAT SERVICE LETTER

SUBJECT: RELEASE LEVER - FRONT TRUNK LID

VEHICLES: 1978, X1/9 MODEL

SERIAL NO.: STARTING WITH SERIAL NO. 90258

GENERAL INFORMATION:

The release lever, which activates the latch for the front trunk lid, has been relocated on X1/9 vehicles, starting with serial No. 90258. The release lever has been moved from inside the drop tray housing to underneath the left side of the instrument cluster.

The closing and locking procedure for the front trunk lid has also been changed. When closing, gently lower and rest the lid on the locking latch, push the release lever inward. The lid will drop into the latch and be locked in position.

DO NOT FORCE OR SLAM THE LID INTO THE LATCH.

NOTE: Inform all service and sales personnel about the new location and operation of the front trunk lid release lever.
